**\* Printed Photographs:**

All prints are made digitally. The largest digital print TSLA offers is a 13x19. In rare instances a patron may need to request a *traditionally* developed 16x20, which can only be completed with a negative. If **no** negative exists to complete that request, a negative has to be made at a fee of \$7.00 in addition to the print.

**\*\* Color Slides:**

- Patron receives a roll of exposed, but undeveloped slide film
- Each roll holds up to 15 -16 images
- Patron is responsible for developing of film

**\*\*\* Turn-around-time:**

*Normal* – 2-4 weeks for orders up to 20 items

- Orders larger than 20 items may take longer and will be quoted on an order per order basis

*Rush* - 1/2 the time of a normal order - will work with patron's deadline, if possible
